## EDUCATION

### TUD Grangegorman

MSc Creative Digital Media & UX

### TUD Tallaght

BSc in Computer Science with Software Development

- Class Representative: Advocated for student concerns and improved communication between students and faculty.

Sep. 2024 – Dec. 2025

*Grangegorman, Dublin*

Sep. 2019 – May 2023

*Tallaght, Dublin*

## TECHNICAL SKILLS

**Programming Languages:** C#, C++, SQL, JavaScript, HTML, CSS,

**Frameworks/Libraries:** React Native, Expo, Django

**Editing Software & Tools:** Adobe Photoshop, Adobe Premiere Pro, Davinci Resolve, CapCut

## EXPERIENCE

### Application Development Intern

Workday

Feb. 2022 – Aug. 2022

*Smithfield, Dublin*

- Implemented CI/CD pipelines, enhancing Software-as-a-Service development speed.
- Proactively resolved intricate software bugs, elevating application stability and user experiences.
- Ensured stringent coding standards as a code reviewer, stabilizing software across diverse expertise levels.
- Facilitated seamless collaboration with fellow interns, achieving impactful project outcomes.

## PROJECTS

### WellnessPro: Fitness Tracker App | *React Native, Expo, Jest, Firebase*

[github.com/Jibbyie/WellnessPro](https://github.com/Jibbyie/WellnessPro)

Sep. 2022 - May 2023

- Engineered a seamless fitness experience with customised exercises, personalised workouts, and real-time performance tracking, enhancing user engagement.
- Ensured real-time data synchronisation, responsiveness and data privacy, using Firebase for secure storage.
- Met project deadlines and quality standards through strategic planning, in-depth research, and collaboration, addressing challenges effectively.

### Hacking Healthcare Hackathon | *AWS, Python, Microbit, Firebase*

Sep. 2022 – Oct. 2022

- Collaborated on creating a prototype using Microbit and Firebase, enhancing patient convenience by 50% through SMS notifications for dosage recommendations and blood-testing reminders.
- Achieved 4th place out of 8 teams, showcasing the prototype's effectiveness and innovative solutions.

### Tataru & Victorique (Community Discord Bots) | *Python, Git, PostgreSQL, Discord.py*

[github.com/CaladBlogBaal/Tataru](https://github.com/CaladBlogBaal/Tataru) | [github.com/CaladBlogBaal/Victorique](https://github.com/CaladBlogBaal/Victorique)

Sep. 2019 – Present

- Contributed to open source by updating libraries and refactoring code, ensuring efficient bot operations.
- Played a key role in deploying Tataru in 75 servers (87,633 unique users) and Victorique in 70 servers (108,717 unique users), making a significant impact on the community through collaborative efforts.

## VOLUNTEERING

### Community Volunteer | *J-Con, Comic-Con, Shurikon, Tidy Towns*

Aug. 2018 - Present

- Facilitated the organisation and active participation in various community events, ensuring smooth execution through public liaison and event assistance.

### Youth Club Leader | *Foroige Youth Club*

Sep. 2019 – Feb. 2022

- Mentored local teenagers and organised weekly club events, fostering personal growth and development in a supportive and engaging environment for the youth in the community.

### Charity Fundraiser | *Social Justice Ireland*

Sep. 2020 - Sep. 2020

- Led a successful local charity fundraiser through a charity run and social media efforts, raising over €500 to support Social Justice Ireland's initiatives, showcasing independence and strong management skills.

## HOBBIES

Video Editing, Amateur Youtube, Game Development, Digital Art
